### Descripción

When it was originally published, *Hybrid Cultures* was foundational to Latin American cultural studies. This now-classic work features a new introduction in which Nestor Garcia Canclini calls for a cultural politics to contain the damaging effects of globalization and responds to relevant theoretical developments over the past decade. Garcia Canclini questions whether Latin America can compete in a global marketplace without losing its cultural identity. He moves with ease from the ideas of Gramsci and Foucault to economic analysis, from appraisals of the exchanges between Octavio Paz and Jorge Luis Borges to Chicano film and graffiti. *Hybrid Cultures* at once clarifies the development of democratic institutions in Latin America and reveals that the most destructive ideological trends are still going strong.

book, *Hybrid Cultures: Strategies for Entering and Leaving Modernity*. First published in 1989, this study by one of the leading Mexican cultural anthropologists casts contemporary Latin American culture within the paradox of modernity and modernism. In it, García Canclini tries to make sense of the coexistence of traditional.

How can we interpret Latin American culture in light of tensions between traditions that linger and modernity that is still arriving? This book confronts theoretical debates about the modern and the post-modern. The author questions whether a society can both move towards democracy and compete in a transnational.

This was precisely Canclini's (1995) goal when he wrote a book titled *Hybrid Cultures: Strategies for Entering and Leaving Modernity*. Historical patterns of hybridization can help reveal what kinds of indigenous cultural elements survive in new hybrid forms. History also reveals what kinds of policy interventions can help.

Page xv - On the other hand, hybridity can be understood as the ongoing condition of all human cultures, which contain no zones of purity because they undergo continuous processes of transculturation (two-way borrowing and lending between cultures). Instead of hybridity versus purity, this view suggests, it is hybridity all.
