Descripción

Encontrar un buen cuento, es como dar de pronto con un oasis en medio del desierto. Estos relatos llevan en el plano literario, y en su contenido, a encontrar elementos de equilibrio que rara vez existen en el mundo literario. Mas alla de eso, el positivo talento creativo de Adolfo Val evidencia una veta muy prolifica, una imaginacion casi infinita y una prosa cuya estructura linda con lo perfecto. Lo interesante, es que no conoce los tabues ni se muerde la lengua y, de esa forma, es capaz de pasearnos por las vivencias de un prostibulo decadente aunque con brevisimos rezagos de humanismo, pese a que en otra historia nos habla como un refinado experto en gastronomia. Lo sexual y erotico no podia faltar y, segun como lo veamos, es la guinda de la torta. El autor nos lleva a transitar por diversos grados de simetria con la vida real, viendonos gradualmente arrojados a la voragine narrativa de un escritor de tomo y lomo, que en cada pagina nos da una inyeccion vital de letras y palabras.

both War and the Interior after the Popular Front victory in , produced some of the earliest examples of Chilean literature infused with rural idealism. Labarca published his widely praised anthology *Al amor de la tierra* in , which stands as his only published collection of cuentos. Here campesinos are presented.

He taught at the Catholic University of Chile and the University of Chile in the 1950s and toward the end of the decade worked as a journalist. After lecturing at the University of Iowa (1965–67), he took up residence in Spain. Donoso's first published works were short stories, and his collection *Veraneo y otros cuentos*.
