Descripción

Según los testimonios de todas las tradiciones, una conclusión parece destacar con toda claridad: la existencia de una “tierra santa” por excelencia, prototipo de todas las demás “tierras santas”, un centro espiritual al cual estarían subordinados el resto de centros. Se trata de Agarttha, un centro sagrado e inviolable donde se conserva la tradición primordial, inaccesible para la mayoría de los hombres, aunque no para los iniciados. Y es que, según René Guénon, nos encontramos en el Kali Yuga, la “edad sombría”, fase final de un ciclo, momento de confusión y de oscurecimiento del verdadero sentido: nuestra alabada modernidad no ha hecho otra cosa sino instaurar el olvido de la metafísica tradicional. A la cabeza de Agarttha se encontraría el llamado “rey del mundo”, legislador primordial y universal, aunque en puridad no puede decirse que ese cargo corresponda a ninguna personalidad más o menos legendaria: se trata del primer principio, de la “inteligencia cósmica” en la que se refleja la luz espiritual, y que al mismo tiempo sería arquetipo del hombre en tanto que ser pensante. Entre Oriente y Occidente, Guénon establece insospechados trayectos, vínculos y continuidades, demostrando la coherencia del conocimiento simbólico y sacando a la luz la riqueza de una sabiduría iniciática que fuera soslayada por el racionalismo.

La marque El Rey del Mundo a été créée par Emilio Ohmstedt en 1848, en même temps que Sancho Panza. La marque était très petite à l'époque. En 1870, lorsque Monsieur Ohmstedt mourut, la marque fut transférée à Monsieur Antonio Allones, qui avait immigré à La Havane et qui travaillait dans l'industrie du tabac.
